

PROXUS Rings in the New Year and Sees Payroll Division Reach 500-Client Milestone

Happy New Year! During this season of celebration and renewal, a special thanks goes out to our current clients for their business and loyalty, enabling PROXUS' Payroll Division to reach the 500-client milestone! The [34 new clients](http://www.proxushr.com/pdfs/34_new.pdf) [http://www.proxushr.com/pdfs/34_new.pdf] PROXUS welcomed in December's E-Newsletter significantly contributed to this milestone achievement, a testament to the excellence in customer service and support delivered by PROXUS' team of payroll professionals.

Like most new businesses, PROXUS - then called Professional Payroll Solutions (PPS) - started in December 2002 from the ground up, with only a handful of clients. All of us at PROXUS are very proud of our accomplishments over the course of our nine years of operation, and we thank our many clients for making them possible!

Merger in 2007 Creates PROXUS

In 2007, PROXUS was born of a merger between PPS and HR Management and consulting firm, Granatt HR. Now working with over 600 companies nationwide, PROXUS assists those companies to "manage the business of employment," with customized payroll, HRIS, and time- and labor-management solutions and human-resource consulting. This successful partnership has given our partners and growing staff the marketing muscle and product and service mix crucial to maintaining momentum during a downturn.

PROXUS' consistent, organic growth and increasing client referrals are as a result of our founding business principles having not wavered in the past nine years.

PROXUS extends a sincere thank you to our clients for your business as our 10th anniversary rapidly approaches this December. We are committed to our partnership with your organizations and look forward to reaching the next milestone together.

To businesses considering PROXUS, now or in the future, please know that we will always consider you a valued client, versus just another account or service ticket number.

To learn more about PROXUS' suite of payroll and HR services visit us online at www.proxushr.com, or contact PROXUS Principal, John Israel at **215-654-9140, ext. 110** or jisrael@proxushr.com.
